THE MYSTERY OF SEX TRANSMUTATION

The meaning of the word “transmute” is, in simple language, “the changing, or transferring of one element, or form of energy, into another.”

**Songs of Solomon 3:1-4** and we read; By night on my bed I sought him whom my soul loveth: sought him, but I found him not. I will rise now, and go about the city in the streets, and in the broad ways I will seek him whom my soul loveth: I sought him, but I found him not. The watchman that go about the city found me: to whom I said, Saw ye him whom my soul loveth? It was but a little that I passed from them, but I found him whom my soul loveth: I held him, and would not let him go, until I had brought him into my mother’s house, and into the chamber of her that conceived me.

The emotion of sex brings into being a state of mind. Because of ignorance on the subject, this state of mind is generally associated with the physical, and because of improper influences, to which most people have been subjected in acquiring knowledge of sex, physical feelings have essentially highly biased the mind.

The emotion of sex has back of it the possibility of three constructive potentialities. They are;

1. The perpetuation of mankind.
2. The maintenance of health (as a therapeutic agency, it has no equal).
3. The transformation of mediocrity into genius through transmutation.

Sex transmutation is simple and easily explained. It means the switching of the mind from thoughts, ideas or decisions of physical expression, to thoughts, ideas or decisions of some other nature. **A wise son maketh a glad father; but a foolish man despiseth his mother. Proverbs 15:20**

Sex desire is the most powerful of human desires. When driven by this desire, men develop keenness of imagination, courage, will power, persistence, and creative ability unknown to them at other times. So strong and impelling is the desire for sexual contact that men freely run the risk of salvation, life and reputation to indulge it. When harnessed, and redirected along other lines, this motivating force maintains all of its attributes of keenness of imagination, courage, etc., Which may be used as powerful creative forces in relationships, literature, art, or in any other profession or calling.

Transmutation of sex energy calls for the exercise of will power, to be sure, but the reward is worth the effort. The desire for sexual expression is inborn and natural. The desire cannot, and should not be submerged or eliminated. But it should be given an outlet through forms of expression, which enrich the body, mind, and the spirit of man. If not given this form of outlet, through transmutation, it will seek outlets through purely physical channels. Like to masterbed, oral sex, substance abuse, child sexual abuse, rape, human to animal sex and etc.

*Read twice these verse here 1Corinthians 7:8-19 and we read;*

*I say therefore to the unmarried and widows, It is good for them if they abide even as I. But if they cannot contain, let them marry: for it is better to marry than to burn. And unto*
married I command, yet not I, but the Lord. Let not the wife depart from her husband: But and if she depart, let her remain unmarried, or be reconciled to her husband: and let not the husband put away his wife. But to the rest speak I, not the Lord: If any brother hath a wife that believeth not, and she be pleased to dwell with him, let him not put away. And the woman which hath a husband that believeth not, and if he be pleased to dwell with her, let her not leave him. For the unbelieving husband is sanctified by the wife, and the unbelieving wife is sanctified by the husband: else were your children unclean; but now are they holy. But if the unbelieving depart, let him depart. A brother or a sister is not under bondage in such cases: but God hath called us to peace. For what knowest thou, O wife, whether thou shalt save thy husband? Or how knowest thou, O man, whether thou shalt save thy wife? But as God hath distributed to every man, as the Lord hath called every one, so let him walk. And so ordain I in all churches. Is any man called being circumcised? Let him not become uncircumcised. And uncircumcision is nothing, but the keeping of the commandments of God.

A river may be dammed. And its water controlled for a time, but eventually, it will force an outlet. The same is true of the emotion of sex. It may be submerged and controlled for a time, but its very nature causes it to be ever seeking means of expression. If it is not transmuted into some creative effort it will find a less worthy outlet, like prostitution, fornication, adultery and the like. This I say then, Walk in the Spirit, and ye shall not fulfill the lust of the flesh. For the flesh lusteth against the Spirit, and the Spirit against the flesh: and these are contrary the one to the other: so that ye cannot do the things that ye would. But if ye be led of the Spirit, ye are not under the law. Now the works of the flesh are manifest, which are these; adultery, fornication, uncleanness, lasciviousness, Idolatry, witchcraft, hatred, variance, emulations, wrath, strife, seditions, heresies, Envyings, murders, drunkenness, revellings, and such like: of the which I tell you before, as I have also told you in time past., that which do such things shall not inherit the kingdom of God. Galatians 5:16-21

RELATIONSHIP OF FAITH, LOVE, TRUST, OBEDIENCE, PERSISTENCE, PATIENCE, SUCCESS AND ACHIEVEMENT TO HIGHLY DEVELOPED SEX NATURES

Blessed, indeed is the person who has discovered how to give sex emotion an outlet through some form of creative effort

Scientific research has disclosed these significant facts;

1. The men of greatest faith, love, trust, obedience, persistence, patience, success and achievement are men with highly developed sex natures: men who have learned the art of sex transmutation and use it rightly and positively by marrying, just as God had ordained marriage in the garden of Eden.

2. The men who have accumulated great fortunes and achieved outstanding recognition in pure Christian living, literature, art, industry, architecture and the other professions, were motivated by the influence of a positive thinking woman.

THE TEN STIMULI OF THE MIND

The human mind responds to stimuli, through which it may be “keyed up” to high rates of vibration, known as enthusiasm, creative imagination, intense desire, etc. The stimuli to which the mind responds most freely are:
1. The desire for sex expression
2. Love
3. Believe in some natural powers
4. A burning desire for fame, power, or financial gain, money
5. Music
6. Friendship between either those of the same sex or those of the opposite sex.
7. A Master Mind and prayer warrior alliance based upon the harmony of two or more people with Jesus Christ, who ally themselves for spiritual or temporal advancement.
8. Mutual suffering, such as that experienced by people who are persecuted.
9. Autosuggestion
10. Fear
11. Narcotics and alcohol.

**TAP YOUR POWERHOUSE OF EMOTIONS.**

Now read carefully this portion of the step on sex transmutation with concentration and understanding. Sex, alone is a mighty urge to action, but its forces are like a cyclone, they are often uncontrollable. When the emotion of Love begins to mix itself with the emotion of sex, the result is calmness of purpose, poise, accuracy of judgement, and balance, many of us especially the teenage and the youth fall short of this. Be aware that there is also false love, which many express when they are under emotions of sex alone. What person, who has attained to the age of forty, is so unfortunate as to be unable to analyze these statements and to corroborate them by his own experience?

When driven by this desire to please a woman or girl based solely upon the emotion of sex, a man or boy may be, and usually is, capable of great achievement, BUT his actions may be disorganized, distorted (-DIS-) and totally destructive. When driven by his desire to please a woman or girl based upon the motive of sex alone, a man or boy may steal, cheat and even commit murder. But when the emotion of Love is mixed with the emotion of sex, that same man or boy will guide his actions with more sanity, balance, and reason.

Love, Romance and Sex are all emotions capable of driving men and boys to heights of super faith, love, trust, obedience, persistence, success and achievements, read the book of Songs of Solomon. Love is the emotion, which serves as a safety valve and insures balance, poise and constructive effort. When combined these three emotions may lift one to an altitude of a genius.

The emotions are states of mind. The master creator has provided man with a Chemistry Mind, which operates in a manner similar to the principles of chemistry of matter. It is a well-known fact that through the aid of chemistry of matter, a chemist may create a
deadly poison by mixing certain elements, none of which are in themselves harmful in the right proportions. The emotions may, likewise, be combined so as to create a deadly poison. The emotions of sex and jealousy, when mixed may turn a person into an insane beast.

The presence of any one or more of the destructive emotions in the human mind, through the chemistry of the mind, sets up a poison, which may destroy one’s faith, love, trust, obedience, persistence, patience, success, sense of justice and fairness.

The road to genius consists of the development control and use of sex, love and romance.

Briefly the process may be stated as follows;

Encourage the presence of these positive emotions as the dominating thoughts, ideas or decisions in one’s mind and discourage the presence of all the destructive emotions. The mind is a creature of habit. It thrives upon the dominating thoughts, ideas or decisions fed it. Through the faculty of will power, filled with the Holy Ghost, one may discourage the presence of destructive emotion and encourage the presence of the positive emotions. Control of the mind through the power of will is not difficult. Control comes from letting Jesus Christ seat in the mind, by reading the word of God daily, faith, love, trust, obedience, persistence, patience, and habit. The secret of control lies in understanding the process of transmutation. When any negative emotion presents itself in one’s mind, it can be transmuted into a positive or constructive emotion by the simple procedure of changing one’s thoughts, ideas or decisions and look to Jesus Christ and His promises.

There is no other road to genius than through voluntary self-effort, to surrender all to Jesus Christ and take up the cross and follow Him! A man may attain to great heights of faith, love, trust, obedience, persistence, patience, success or achievement, through prayer and by the driving force of sex energy with the desire for the kingdom of God.

BUT history is filled with evidence that he may and usually does carry with him certain traits of character which rob him of the ability to either hold or enjoy his faith, love, trust, obedience, persistence, patience, success or achievement. This is worthy of analysis, thought, idea or decision and meditation for, the knowledge of which may be helpful to woman, girls as well a men and boys. Ignorance of this has cost thousands of people their privilege of happiness, even though they are so successful in life.

ONE WHO LOVES TRULY CAN NEVER LOSE ENTIRELY

FOR- “GOD IS LOVE”  He that loveth not knoweth not God; for God is love.  1John 4:8

1John 5:2-3 By this we know that we love the children of God, when we love God, and keep his commandments. For this is the love of God, that we keep his commandments: and his commandments are not grievous.

Memories of love never pass. They linger, guide and influence long after the source of stimulation has fade. There is nothing new in this. Every person who has been moved by true love knows that it leaves enduring trace upon the human mind. The effect of love endures because love is Spiritual in nature. The man who cannot be stimulated to great
heights of faith, love, trust, obedience, persistence, success and achievements by love is hopeless—he is dead, though he may seem to live.

Go back into your yesterdays at times and bath your mind in the beautiful memories of past love. It will soften the influence of the present worries and annoyances. It will give you a source of escape from the unpleasant realities of life, and maybe—who knows?—your mind will yield to you, during this temporary retreat into the world of fantasy, ideas or plans which may change the entire desire, faith, love, trust, obedience, persistence, patience, or spiritual status of your life.

If you believe yourself unfortunate because you have loved and lost, perish the thought, idea or decision. One who has loved truly, can never lose entirely. Love is whimsical and temperamental. It comes where there is total surrender, acceptance, trusting, forgiveness, faithfulness and repentance and leads to righteousness and goes away without warning where there is selfishness, pride disobedience, untrusting, unfaithfulness, unforgiving and sin. Accept and enjoy and nature it while it remains, but spend no time worrying about its departure because it’s departure is created by you, yourself. Worry will never bring it back all you need to do is total surrender, accept, forgive, repent of your mistakes one to another, trust and obey, have faith in the giver of love and be simple.

Dismiss, also the thought, idea or decision that love never comes but once. Love may come and go times without number but there are no two-love experiences, which affect one in just the same way. There may be and there usually is, one love experience which leaves a deeper imprint on the heart than all the others, but all love experiences are beneficial, except to the person who becomes resentful and cynical when love makes its departure.

There should be no disappointment over love, love departs when there is sin and there would be none if people understood the difference between the emotions of love and sex. The major difference is that love is spiritual, while sex is biological and acts of sex outside marriage bring about sin. No experience, which touches the human heart with a spiritual force can possibly be harmful, except through ignorance, or jealousy.

Love is, without question, life’s greatest experience. It brings one into communion with God. When mixed with the emotions of romance and sex, it may lead one far the ladder of sanctified creative effort. The emotions of love, sex and romance are sides of the eternal triangle of faith, love, trust, obedience, persistence, patience, and success and achievement-building genius.

Love is an emotion, which is in total ONE. The most intense and burning of love is that experienced in the blending of the emotions of love and sex as God prescribed in the Garden of Eden. Marriages not blessed with the eternal affinity of love properly balance and proportional with sex, cannot be happy ones – and seldom endure. Love alone, will not bring happiness in marriage, nor will sex alone. When these two beautiful emotions are blended, marriage may bring about a state of mind closest to the spiritual that one may ever know on this earthly plane.

When the emotion of romance is added to those of love and sex, the obstructions between the finite mind of man and God are removed. Then a genius God fearing person has been born!

FORTUNES
Wealth maketh many friends; but the poor is separated from his neighbor. House and riches are the inheritance of fathers: and a prudent wife is from the Lord.  Proverbs 19:4,14

Man’s greatest motivating force is his desire to please a woman!

Man has the same desire to please a woman that he had before the dawn of civilization. Even in the Garden of Eden, Adam disobeyed God just to please a woman. The only thing that has changed is his method of pleasing. Men, who accumulate large fortunes and attain to great heights of power and fame, do so, mainly, to satisfy their desire to please women. Take women out of their lives, and great wealth would be useless to most men. It is this inherent desire of man to please a woman which gives woman the power to make or break a man.

The woman who understands man's nature and tactfully caters to it need have no fear of competition from other women. Men may be “giants" with indomitable will power when dealing with other men, but the women of their choice easily manage them.

ANYBODY CAN WISH FOR GREAT FAITH, LOVE, TRUST, OBEDIENCE, PERSISTENCE, SUCCESS AND ACHIEVEMENTS, BUT ONLY A FEW KNOW THAT A DEFINITE PLAN, PLUS A BURNING DESIRE FOR FAITH, LOVE, TRUST, OBEDIENCE, PERSISTENCE, SUCCESS AND ACHIEVEMENTS WITH JESUS CHRIST ARE THE ONLY DEPENDABLE MEANS OF REACHING HIGHER HEIGHTS OF FAITH, LOVE, TRUST, OBEDIENCE, PERSISTENCE, SUCCESS AND ACHIEVEMENTS BOTH IN THIS WORLD AND THE WORLD TO COME
